EXPERIENCE

Niruddha (Systems Change, Inc.) · www.niruddha.ai

Apr 2026 – Present

Founder & CEO

- Built and deployed **Niruddha (niruddha.ai)**, an AI film studio that formats professional screenplays and turns screenplay pages into storyboards and video scenes using generative AI.
- Engineered the core browser editor in **React and TypeScript** to power an end-to-end pre-production workflow, featuring zero-latency 100+ page rendering, drafts & WGA revision tracking, and AI-assisted tagging for cast, props, and VFX.
- Developed an AI writing assistant proposing inline accept/reject edits for scene polish & a visual canvas to brainstorm stories.
- Integrated **300+ text, image, and video AI models** via OpenRouter to automate storyboarding and video generation.
- Built scalable cloud infrastructure on **GCP & Cloudflare** with **NeonDB (PostgreSQL)**, integrated with **Stripe** for global payments.

Systems Change

Oct 2023 – Mar 2026

Founder & Researcher (Incorporated as Systems Change, Inc., Delaware C-Corp, Sept 2025)

- Founded **Systems Change**, an end-to-end property transaction platform using decentralized, post-quantum infrastructure to replace vulnerable paper land records with immutable digital titles.
- Designed and implemented a verification protocol integrating **GIS geospatial mapping** with **NIST Post-Quantum Cryptography (ML-DSA)** and **IPFS** storage, ensuring tamper-proof title deeds without blockchain consensus mechanisms or transaction fees.
- Engineered an 11-step property transaction engine in **Python (Django)** on **GCP**, covering digital identity verification, ESIGN purchase contracts, earnest money escrow, and deed registration.

Indian Institute of Information Technology, Design & Manufacturing

Kurnool, India

Research Intern, Department of Computer Science

Dec 2023 – Apr 2024

- Developed a computer vision system using deep learning (**ResNet50 and VGG19**) with TensorFlow, Keras, and OpenCV to detect crop diseases from leaf images with 96% accuracy, helping farmers identify infections early.

EDUCATION

Indian Institute of Information Technology, Design & Manufacturing

Kurnool, India

Bachelor of Technology (B.Tech) in Electronics & Communication Engineering

2020 – 2024

Minor in Machine Learning & Data Science

- CGPA: 7.19 / 10.0 · Honors: 1st Place, University Project Expo 2023

Dr. B.R. Ambedkar Open University

Hyderabad, India

Bachelor of Arts in Economics, Sociology & Public Administration

2022 – 2025

- CGPA: 7.45 / 10.0 (First Division) · Pursued concurrently with B.Tech

PREPRINTS & RESEARCH

- Dhupam, D. (2025). *PQC-VE: A post-quantum framework for end-to-end verifiable electronic voting*. TechRxiv. [Link]
- Dhupam, D. (2025). *HyARC: A Hybrid Algorithm for Secure Storage of High-Value Secrets*. TechRxiv. [Link]
- Dhupam, D. (2024, May). *Post quantum cryptography based land records management system* (UG Thesis, IIITDM). [Link]

SELECTED PROJECTS

Mindflow OS (github.com/ThunderD9/mindflow)

July 2026

Electron, React, TypeScript

- Designed and developed an offline-first personal productivity OS to automate daily time-blocking, long-term goal tracking, and Markdown journaling, integrating a private BYOK AI copilot agent with local tool-calling for task management.

AI-Assisted Publishing Platform (seaofus.com)

Sep 2024 – Apr 2025

Django, HTMX, Vector Search, Nginx, Docker

- Built a full-stack publishing platform featuring an in-editor AI writing assistant, an image generation model, and semantic vector search, using Django and HTMX for fast, server-rendered interactions.

TECHNICAL SKILLS

- Languages:** Python, JavaScript, TypeScript, C, SQL, Bash, HTML, CSS, LaTeX
- Frameworks & ML:** Django, DRF, React, Vite, HTMX, Electron, Tauri, PyTorch, TensorFlow, Keras, OpenCV
- Cryptography:** ML-DSA (FIPS 204), ML-KEM, Shamir's Secret Sharing, IPFS
- Infrastructure:** Google Cloud Platform (GCP), AWS, Docker, Kubernetes, Nginx, PostgreSQL, OpenRouter, Cloudflare R2, Stripe
- Certifications:** Harvard CS50 AI with Python (2022), Yale: Narrative Economics (Prof. Robert Shiller, 2024)
